Re: Partial Release of Reclaimed Area, Utah Division of Wildlife Resources, Kingston Canyon Rock Quarry, S/031/0009, Piute County, Utah

Dear Mr. Beckstrom:

On January 9, 2013, the Division of Oil, Gas and Mining received your request for a partial release of the reclamation work performed at the Kingston Canyon Rock Quarry. Inspection of the reclaimed areas during 2012 found that the reclamation earthwork standards have been achieved. Therefore, the Division of Oil, Gas and Mining hereby releases you from further reclamation earthwork responsibility for the entire site, and will continue to evaluate revegetation success on the reclaimed areas. No surety was posted for this site, so this release does not include release of surety.

If you have any questions or concerns regarding this letter, please contact me at 801-538-5261 or Peter Brinton at 801-538-5258. In response, Please reference our file number S/031/0009 regarding this project.
